Part	Description	Qty
01	Top roof tube for middle archways	6 sets
01A	Top roof tube for front and back archways	2 sets
02	Roof curving tube middle archways	12 sets
02A	Roof curving tube for front archway	2 sets
02B	Roof curving tube for back archway	2 sets
03	Lower curving tube for middle archways	12 sets
03A	Lower curving tube front archway	2
03B	Lower curving tube back archway	2
04	Roof curving tube at shoulder height for middle archways	12
04A	Roof curving tube at shoulder height for front and back archways	4
05	Upper standing leg	16
05A	Lower standing leg	16
06	Purlin	77
07	Base flange for standing legs	12
07A	Base flange in the left corner	2
07B	Base flange in the right corner	2
07C	Ratchet	16
08L	Base flange for mechanical door left	1
08R	Base flange for mechanical door right	1
09	Base flange for front and back cover	4
09B	Pipe clamp	20
10L	Lower door track for door at left	1
10R	Lower door track for door at right	1
11L	Upper door track for door at left	1
11R	Upper door track for door at right	1
12	Horizontal beam on top of the door	1
12A	Vertical support tube for horizontal door beam	1
13	Lower standing leg at left for front wall	3

13A	Lower standing leg at right for front wall	1
14	Upper standing leg at door	2
15	Middle rail at door	6
15A	Middle rail at door	2
16	Tube for front Mechanical door	1
17	Steel wire at side	14
18	Clips to connect steel wire	50
19	Steel wire at roof	16
20	Tensioning tube at door	4
21A	Stake peg 20x1350	64
21B	Stake peg 20x585	16
22	Tensioning tube for roof cover	2 sets
23	Lower standing leg for back wall (double leg)	2
24A	Upper standing leg at side for back wall	2
26	Tensioning tube for back cover	5
27	Rail for back wall	11
28	Rail near sidewall for back wall	2
29A	Door tube	7
29B	Door tube	7
30	Winch	1 set
31	12x50 bolts for tubes and door	192 sets
32	10x80 bolts for purlins and door	88 sets
33	10x90 bolts for door	32 sets
34	12x100 bolts	16 sets
35	10x80 bolts for door	6 sets
36	10x60 bolts for front door	10
37	10x30 bolts	8
38	32 mm plastic cap	22
39	Rope	6
40	Band for tie down ratchets	16
41	Roof cover	1
42	Front cover	1
42A	Door cover	1
43	Back cover	1
44	Lower standing leg at side for back wall	2

45	Middle standing leg for back wall (double leg)	2
46	Upper standing leg for back wall (double leg)	2
47	Base flange for double legs in the back wall	2
49	Steel wire for door mechanism	1 set

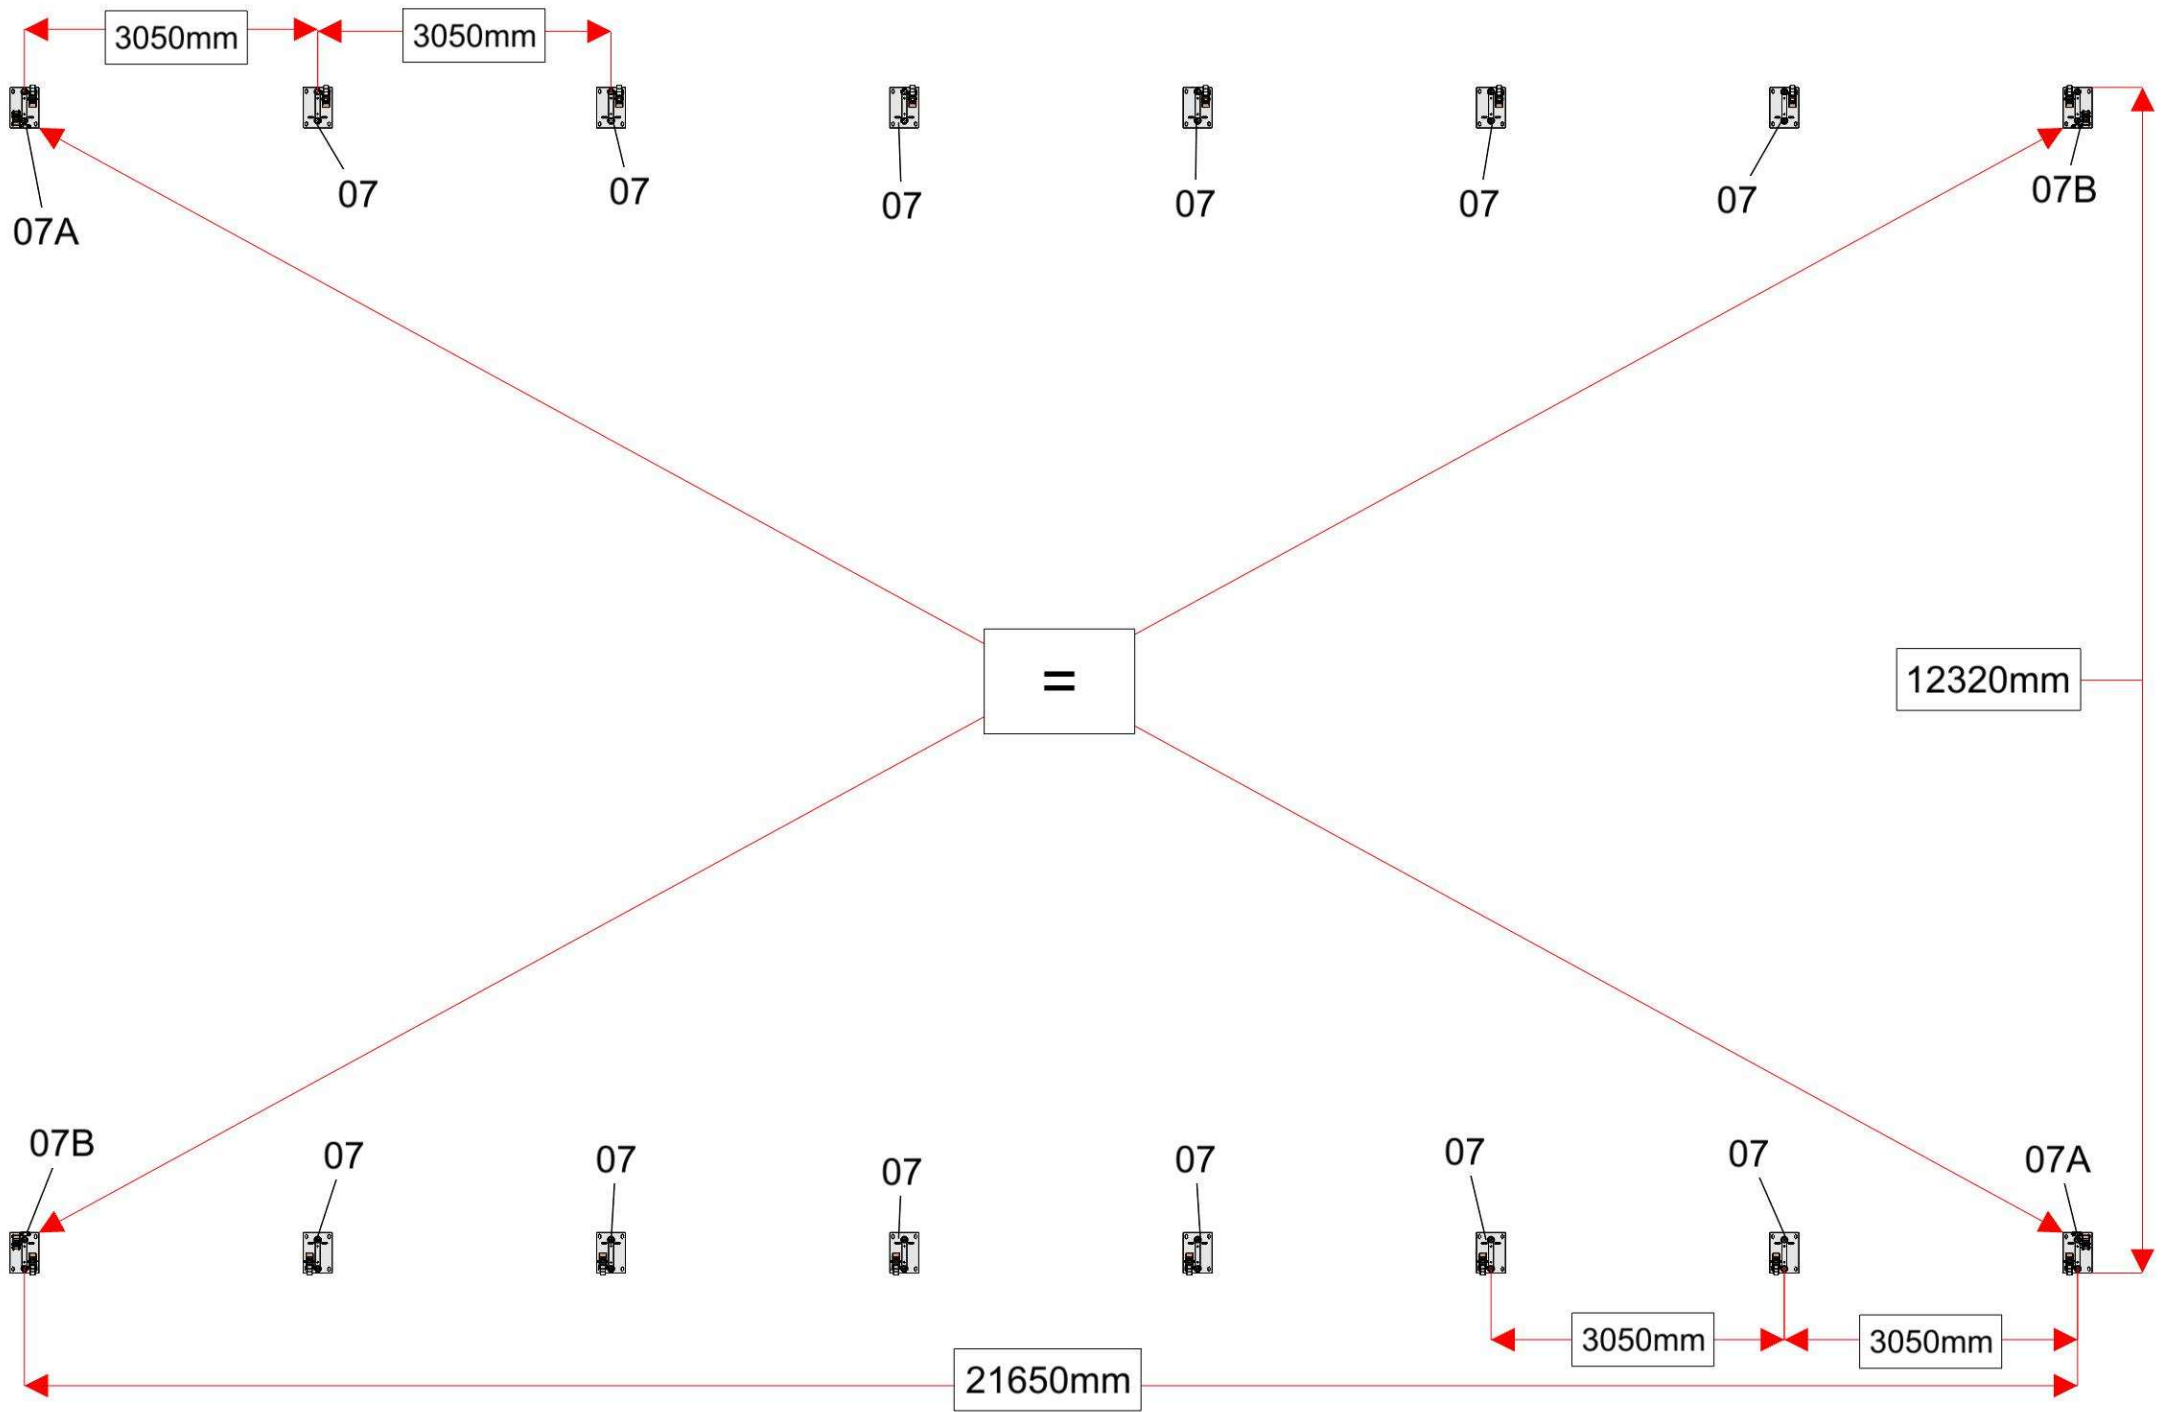

Kroftman T1220

1

Lateral base brackets installation
Montage der seitlichen Fußhalterungen
Installation des supports de base latéraux

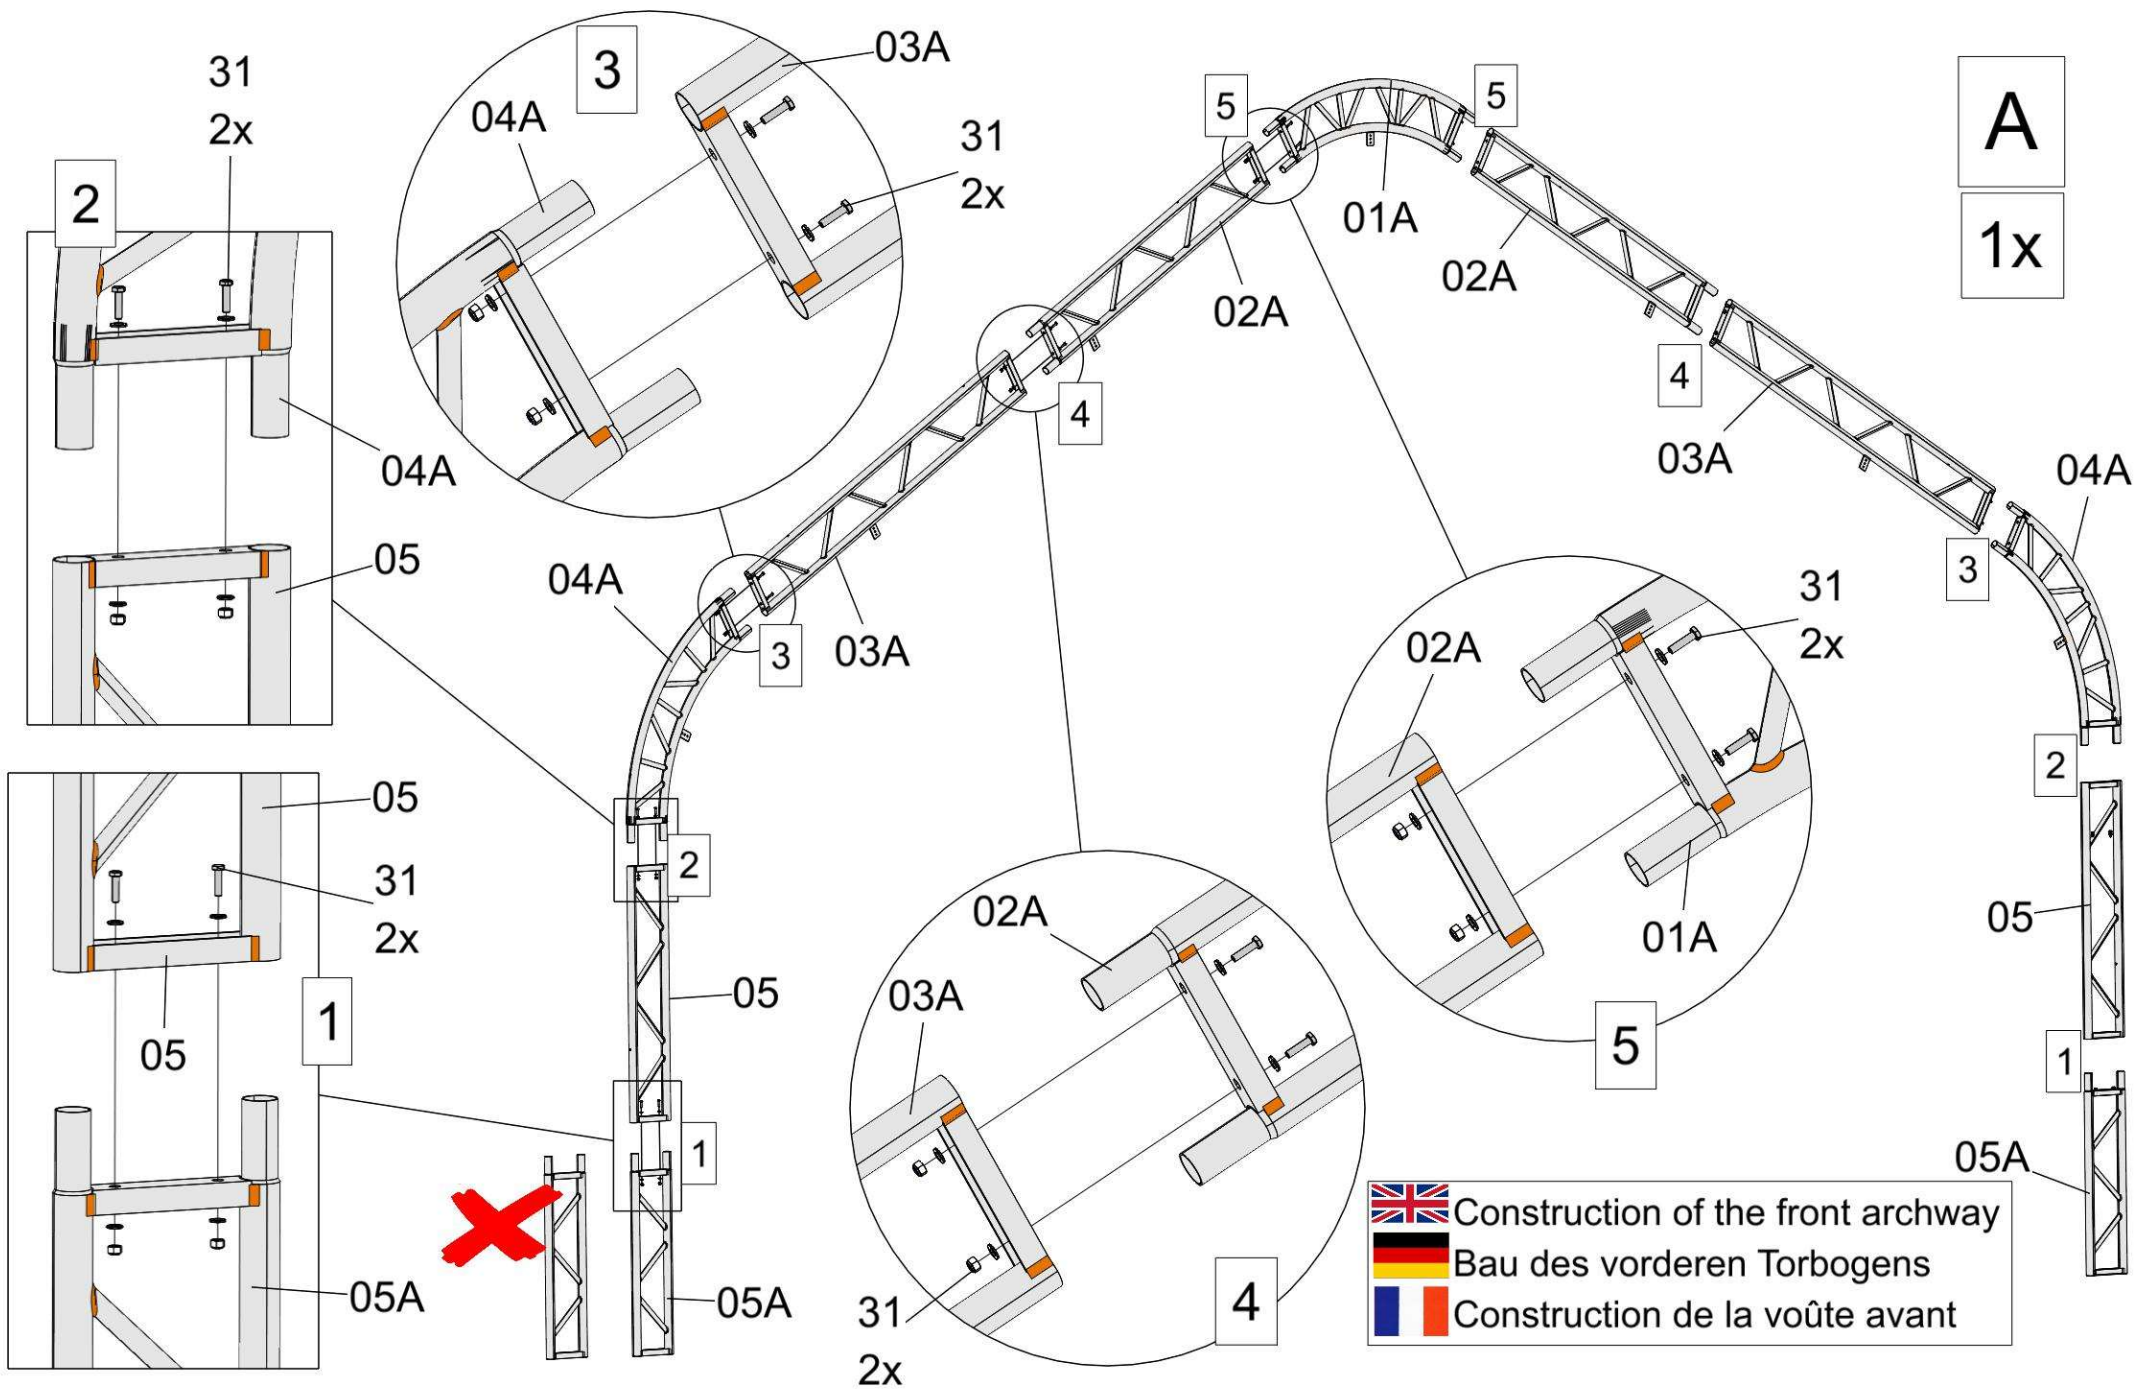

Kroftman T1220

2

Tunnel installation
Aufbau Rahmen
Installation du tunnel

 Construction of the back archway
 Bau des hinteren Torbogens
 Construction de la voûte arrière

 Same steps as in front archway
 Gleiche Stufen wie im vorderen Torbogen
 Mêmes étapes que dans l'arche avant

 Construction of the middle arches
 Bau der Mittelbögen
 Construction des arcs du milieu

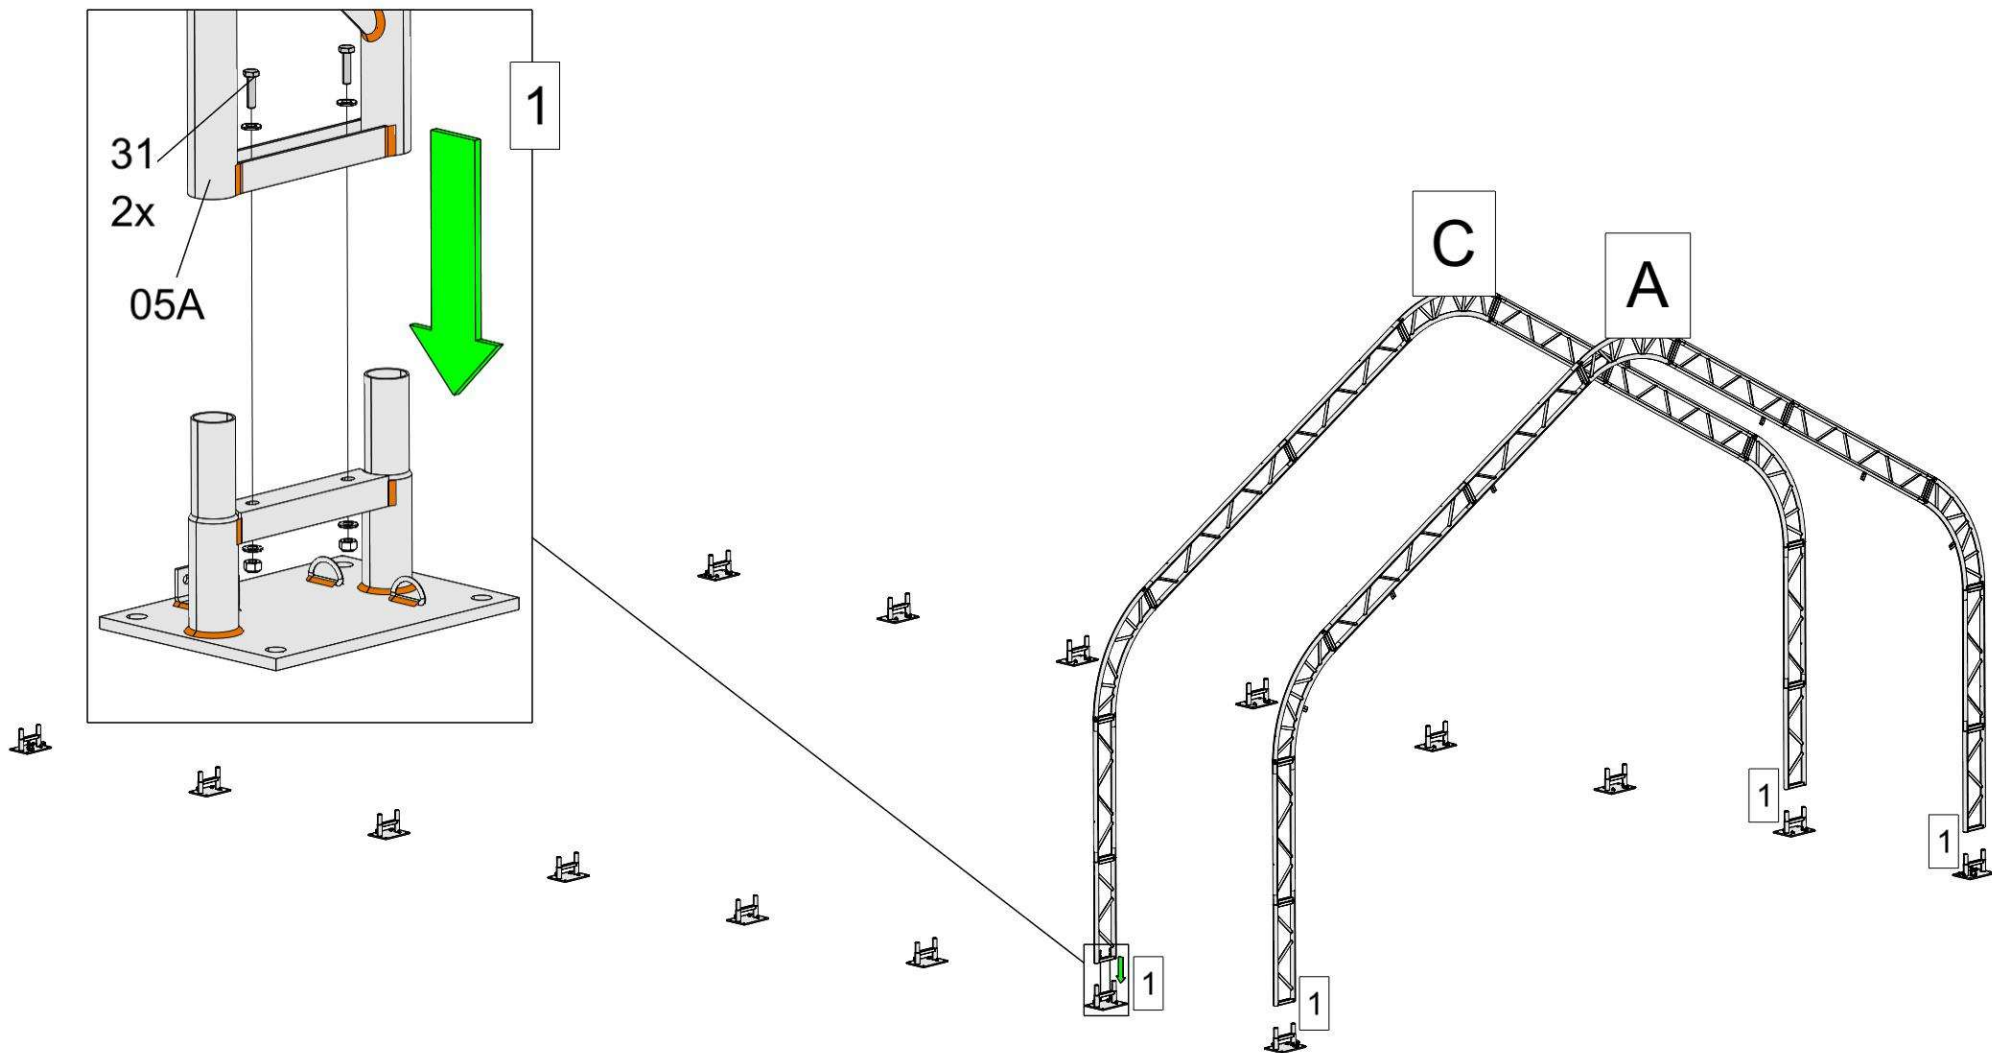

C

6x

 Same steps as in front archway
 Gleiche Stufen wie im vorderen Torbogen
 Mêmes étapes que dans l'arche avant

-  Hoist the front archway and one of the middle arches and secure them to the ground flanges
-  Heben Sie den vorderen Torbogen und einen der mittleren Bögen hoch und befestigen Sie sie an den Bodenflanschen
-  Hisser l'arc avant et l'un des arcs du milieu et les fixer aux semelles du sol

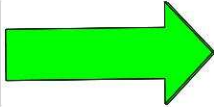

-  Same for all horizontal beams (6)
-  Gleiches gilt für alle horizontalen Balken (6)
-  Idem pour toutes les poutres horizontales (6)

 Place side walls's wind cables.
 Platzieren Sie die Windkabel der Seitenwände.
 Placez les câbles de vent des murs latéraux.

 Place roof's wind cables.
 Platzieren Sie die Windkabel des Daches.
 Placez les câbles de vent du toit.

-  Assemble parts "29A" and "29B" and move them up and down through the specified rails to verify if they are sliding smooth
-  Bauen Sie die Teile "29A" und "29B" zusammen und bewegen Sie sie in den angegebenen Schienen auf und ab, um zu prüfen, ob sie leichtgängig sind.
-  Assemblez les pièces "29A" et "29B" et déplacez-les vers le haut et vers le bas à travers les rails spécifiés pour vérifier qu'elles glissent bien.

 After the columns are straight, place the ground pegs
 Nachdem die Säulen gerade stehen, setzen Sie die Erdnägel
 Une fois que les colonnes sont droites, placez les piquets de terre.

Covers installation

Aufbau der Plane

Installation des couvertures

39

43

39

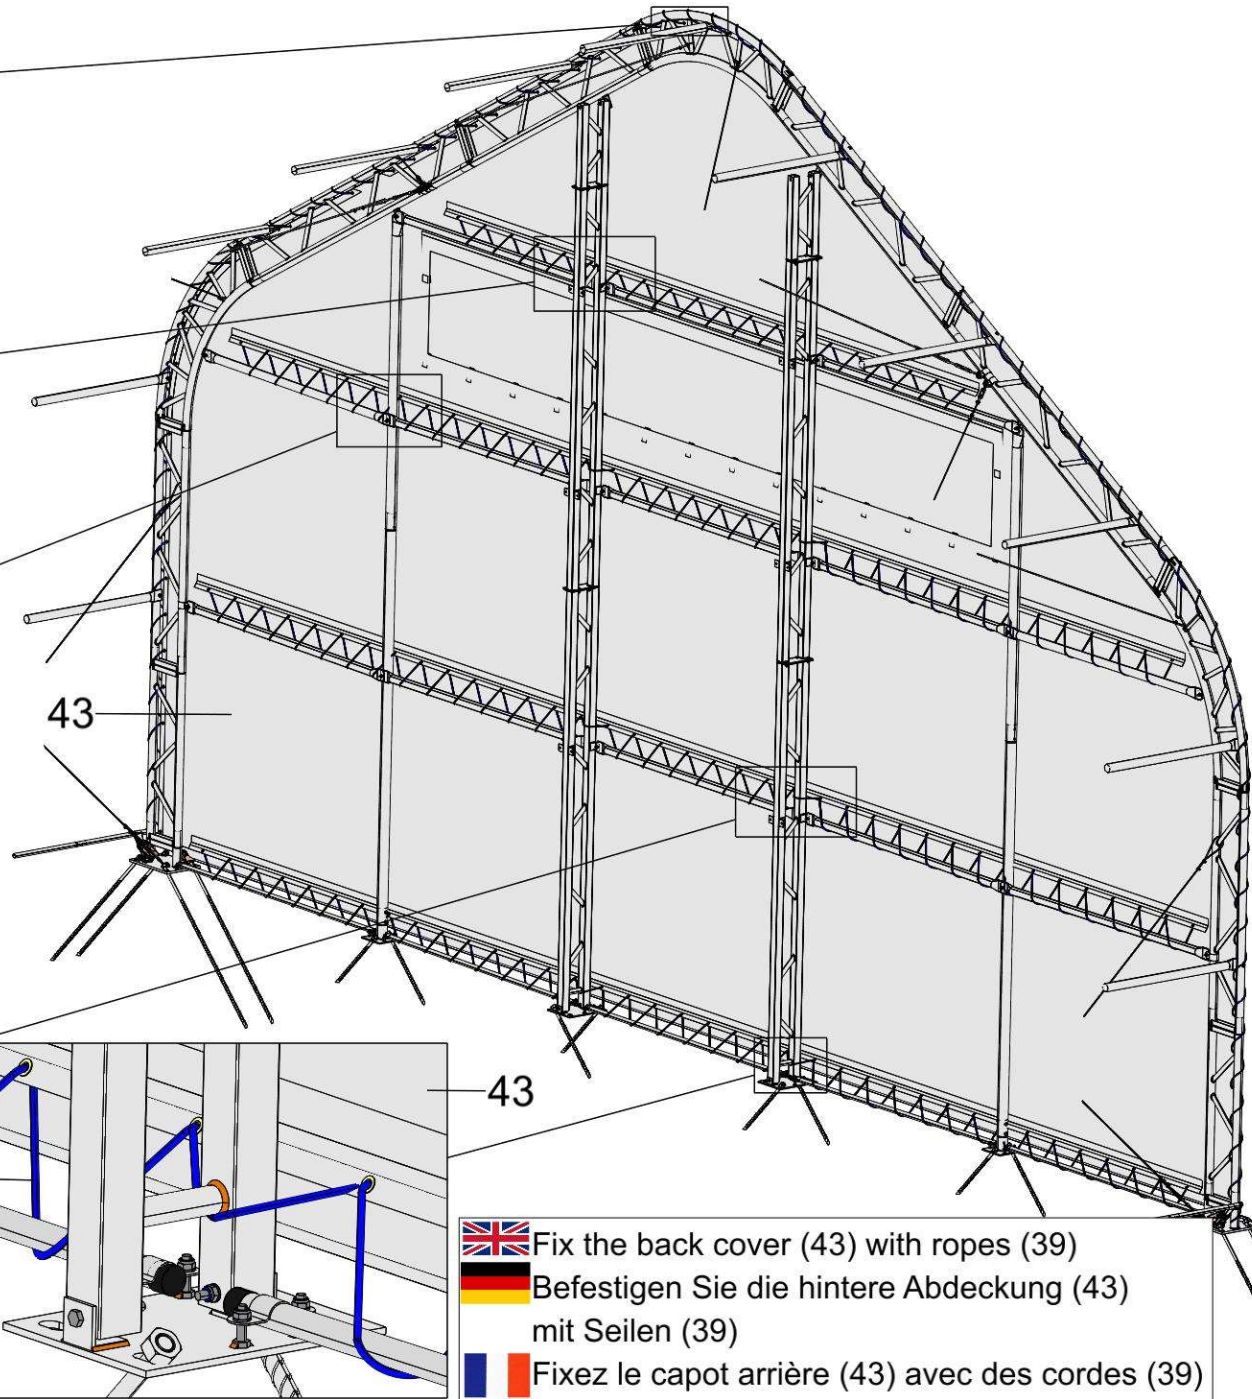

43

39

43

39

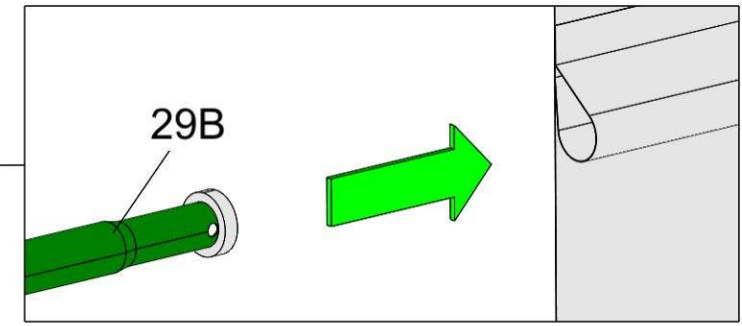

43

-  Fix the back cover (43) with ropes (39)
-  Befestigen Sie die hintere Abdeckung (43) mit Seilen (39)
-  Fixez le capot arrière (43) avec des cordes (39)

 Door cover installation
 Montage der Türabdeckung
 Pose de couverture de porte

 Place all "29" parts through the columns's (11R, 11L) rails and the rope on the correspondent wheels from "11R", "11L" columns and in the end, connect the rope with the winch.

 Legen Sie alle "29"-Teile durch die Schienen der Säulen (11R, 11L) und das Seil auf die entsprechenden Räder der Säulen "11R", "11L" und verbinden Sie am Ende das Seil mit der Winde.

 Placez toutes les pièces "29" à travers les rails des colonnes (11R, 11L) et la corde sur les roues correspondantes des colonnes "11R", "11L" et à la fin, connectez la corde avec le treuil.

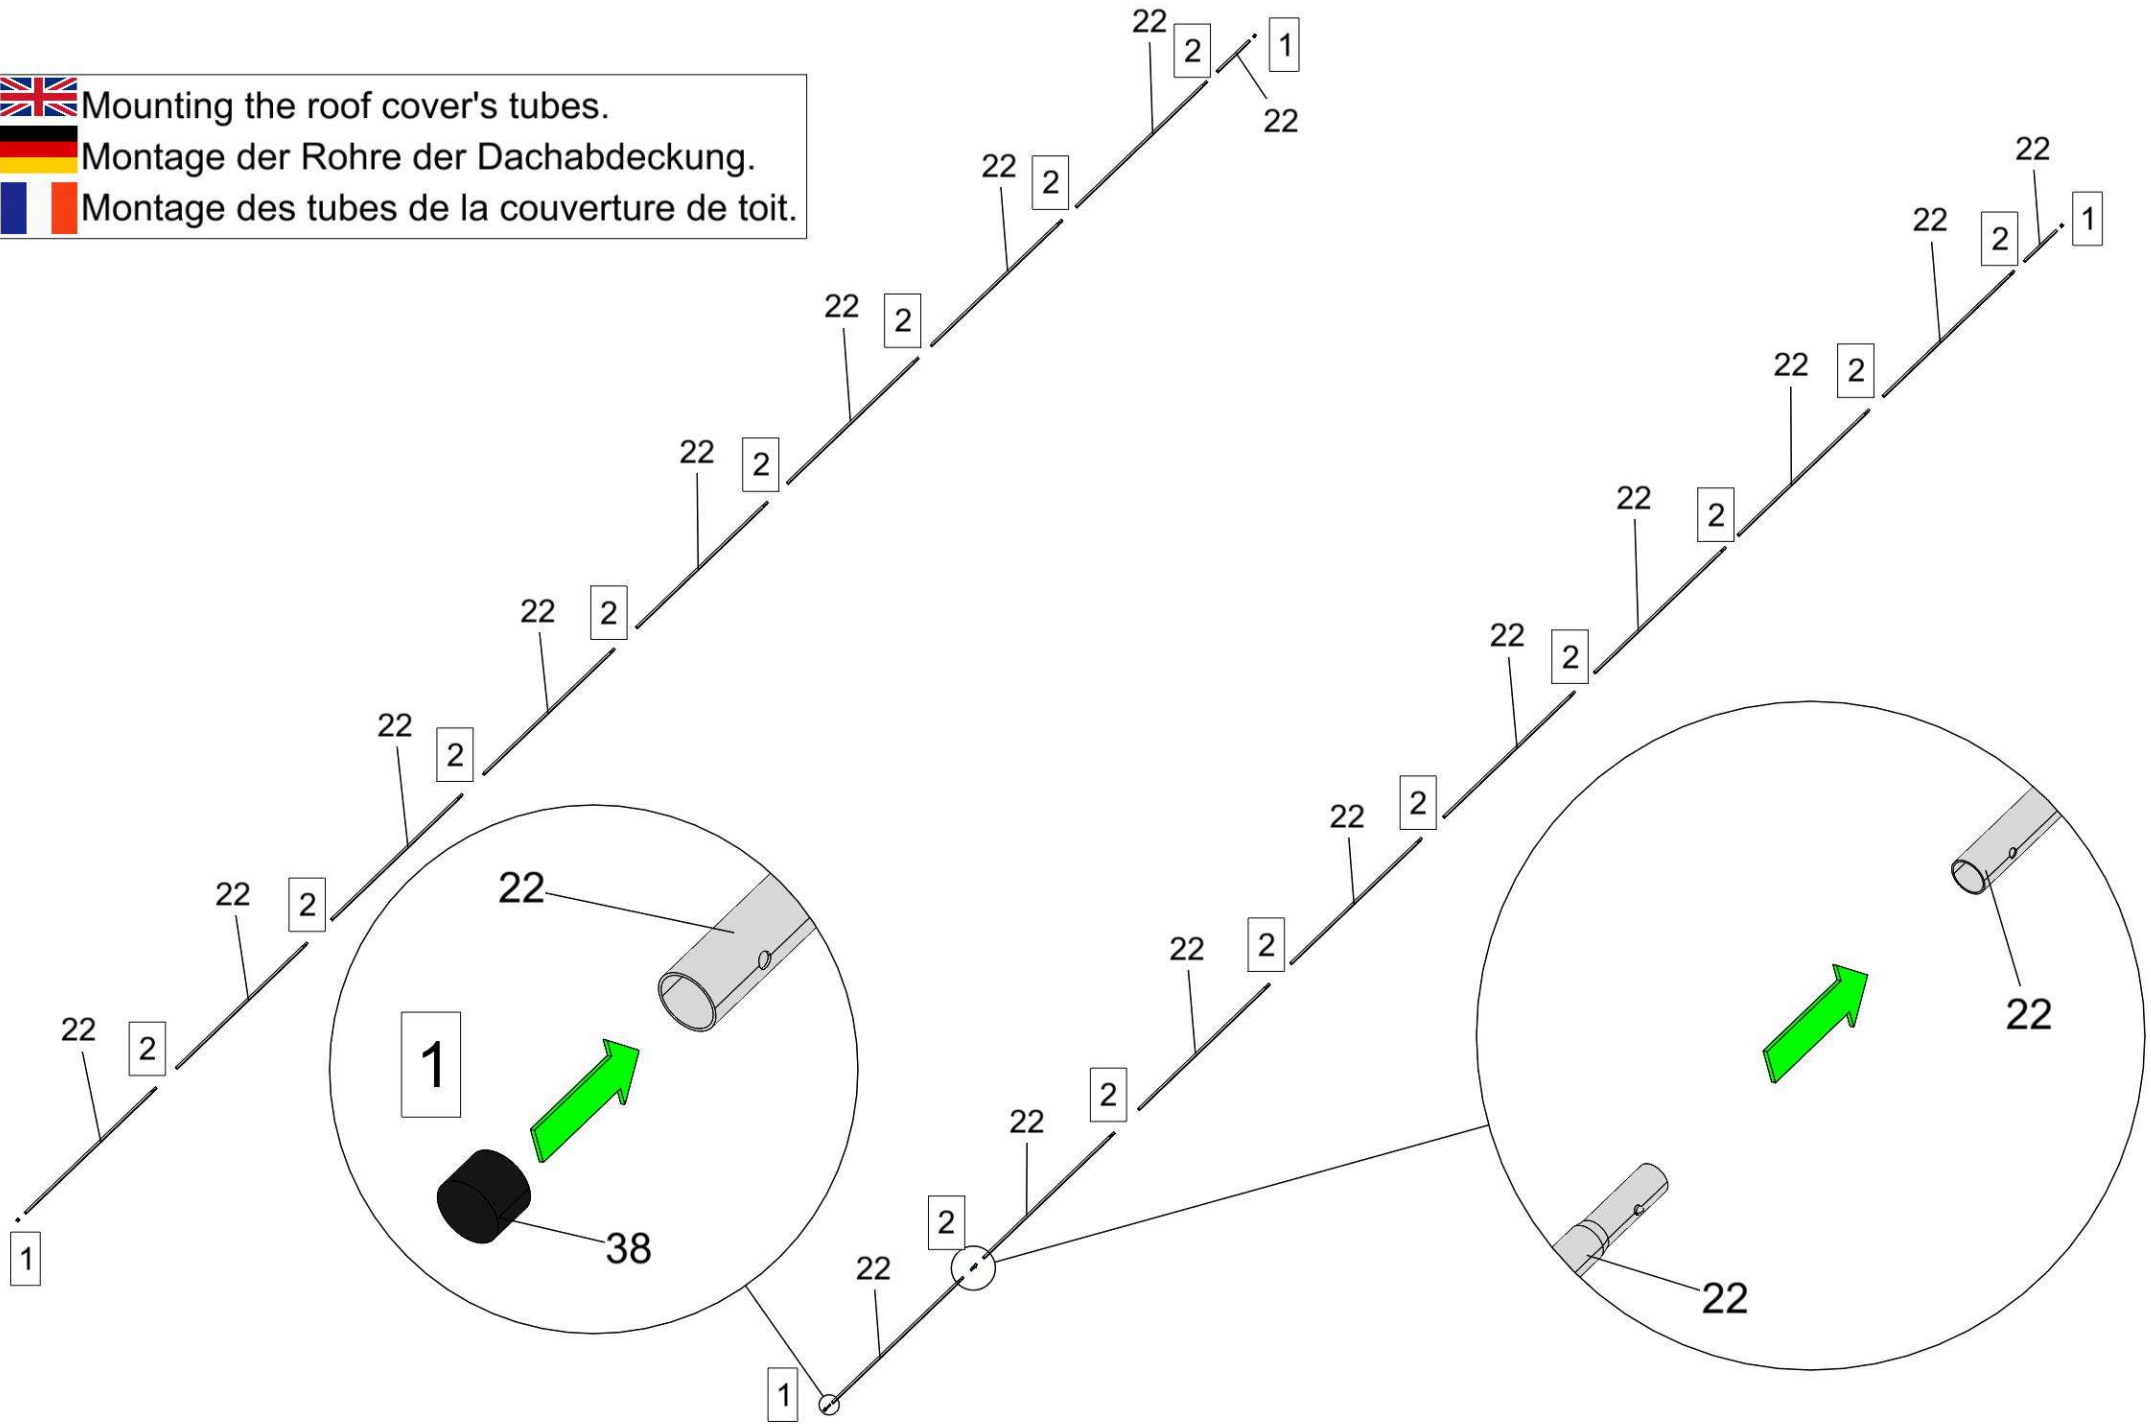

-  Fix the door cover with ropes(39)
-  Befestigen Sie die Türabdeckung mit Seilen(39)
-  Fixez le couvercle de la porte avec des cordes(39)

 Mounting the roof cover's tubes.
 Montage der Rohre der Dachabdeckung.
 Montage des tubes de la couverture de toit.

 Place one set of tubes on one side of the roof cover.
 Legen Sie einen Satz Rohre auf eine Seite der Dachabdeckung.
 Placez un jeu de tubes sur un côté de la couverture du toit.

41

 Do not install the cover onto the roof in high wind conditions
 Installieren Sie die Abdeckung nicht bei starkem Wind auf dem Dach
 Ne pas installer la couverture sur le toit dans des conditions de vent fort

 Tie ropes to the side of the roof cover, where the tubes are placed and pull the cover over the tent
 Binden Sie Seile an der Seite der Dachabdeckung fest, wo die Schläuche angebracht sind, und ziehen Sie die Abdeckung über das Zelt.
 Attachez des cordes sur le côté de la couverture du toit, là où les tubes sont placés, et tirez la couverture sur la tente.

After placing the roof cover, insert the second set of tensioning tubes

Nach dem Aufsetzen der Dachabdeckung setzen Sie den zweiten Satz Spannröhre ein

Après avoir placé la couverture du toit, insérez le deuxième jeu de tubes de tension.

 Use cutting tool to cut the roof cover to fit ratchet straps
 Verwenden Sie ein Schneidwerkzeug, um die Dachabdeckung so zuzuschneiden, dass sie zu den Spanngurten passt
 Utilisez un outil de coupe pour couper la couverture de toit pour s'adapter aux sangles à cliquet

 Use ratchets and straps (40) to tie the tubes (22), in order to fix the roof cover (41)
 Verwenden Sie Ratschen und Gurte (40), um die Rohre (22) zu befestigen, um die Dachabdeckung (41) zu befestigen.
 Utilisez des cliquets et des sangles (40) pour attacher les tubes (22), afin de fixer la couverture de toit (41)

07 / 07A / 07B

Secure the roof cover with the ratchets

Sichern Sie die Dachabdeckung mit den Ratschen

Fixer la couverture du toit à l'aide des cliquets

Same in the back

Dasselbe auf der Rückseite

Idem à l'arrière

Cut holes in the front and back covers for the ratchets

Löcher in die vordere und hintere Abdeckung für die Ratschen schneiden

Découper des trous dans les couvercles avant et arrière pour les cliquets.
