Part Code	Description	Quantity
1	Roof bent tube	12
2	Rafter tube	20
2A	Rafter tube at front panel	2
2B	Rafter tube at back panel	2
3	Standing tube	20
3A	Standing tube at front panel	2
3B	Standing tube at back panel	2
4	Horizontal tube	55
5L	Base flanges for left corners	2
5R	Base flanges for right corners	2
6	Base flanges for rear panel	2
7L	Left base flanges for sidewall	10
7R	Right base flanges for sidewall	10
8L	Left base flange for front panel	1
8R	Right base flange for front panel	1
9	Upper vertical tube for front door	2
9A	Lower vertical tube for front door	2
10	Cross tube at end for front panel	2
11	Right cross tube in middle for front door	1
11A	Left cross tube in middle for front door	1
12	Side cross tube for rear panel	2
12A	Middle cross tube for rear panel	1
13	Upper vertical tube for rear panel	2
13A	Lower vertical tube for rear panel	2
14	Fastening tube for rear cover	3

15	Beam for the side front panel	2
16	Fastening tube for front cover	2
17	Connection bolt M10x90mm for "tapered" tube	160
18	Carriage bolt M10x110mm for horizontal tube	64
19	Connection bolt M10x90mm for door frame	12
20	Slanting Support Tubing	4
20A	Clip for Slanting Support Tubing	8
21	Roof cover	1
22	Lower roof cover tensioning tube	2sets
23	Tie down ratchet	24
24	Nylon band for tie down ratchet	24
25	Rear cover	1
27	Front cover	1
29	Rope for connection of the cover end and fastening tube	160M
30	Stake peg	80
33	Plastic cap of lower roof cover tensioning tube	16
37	Screw M10x30 for slanting support tube, front and back panel rail connection	16
38	Dropping tube for the door	2
38A	Dropping tube for the door	2

 The measurements are taken between flanges's tubes, tubes which have to be align on length and width
 Die Messungen werden zwischen den Rohren der Flansche vorgenommen, die in Länge und Breite aufeinander abgestimmt sein müssen.
 Les mesures sont prises entre les tubes des brides, tubes qui doivent être alignés en longueur et en largeur.

Front archway
Vorderer Torbogen
Arcade avant

Middle archway
Mittlerer Torbogen
Arcade centrale

10xB

Back archway
Hinterer Torbogen
Arcade arrière

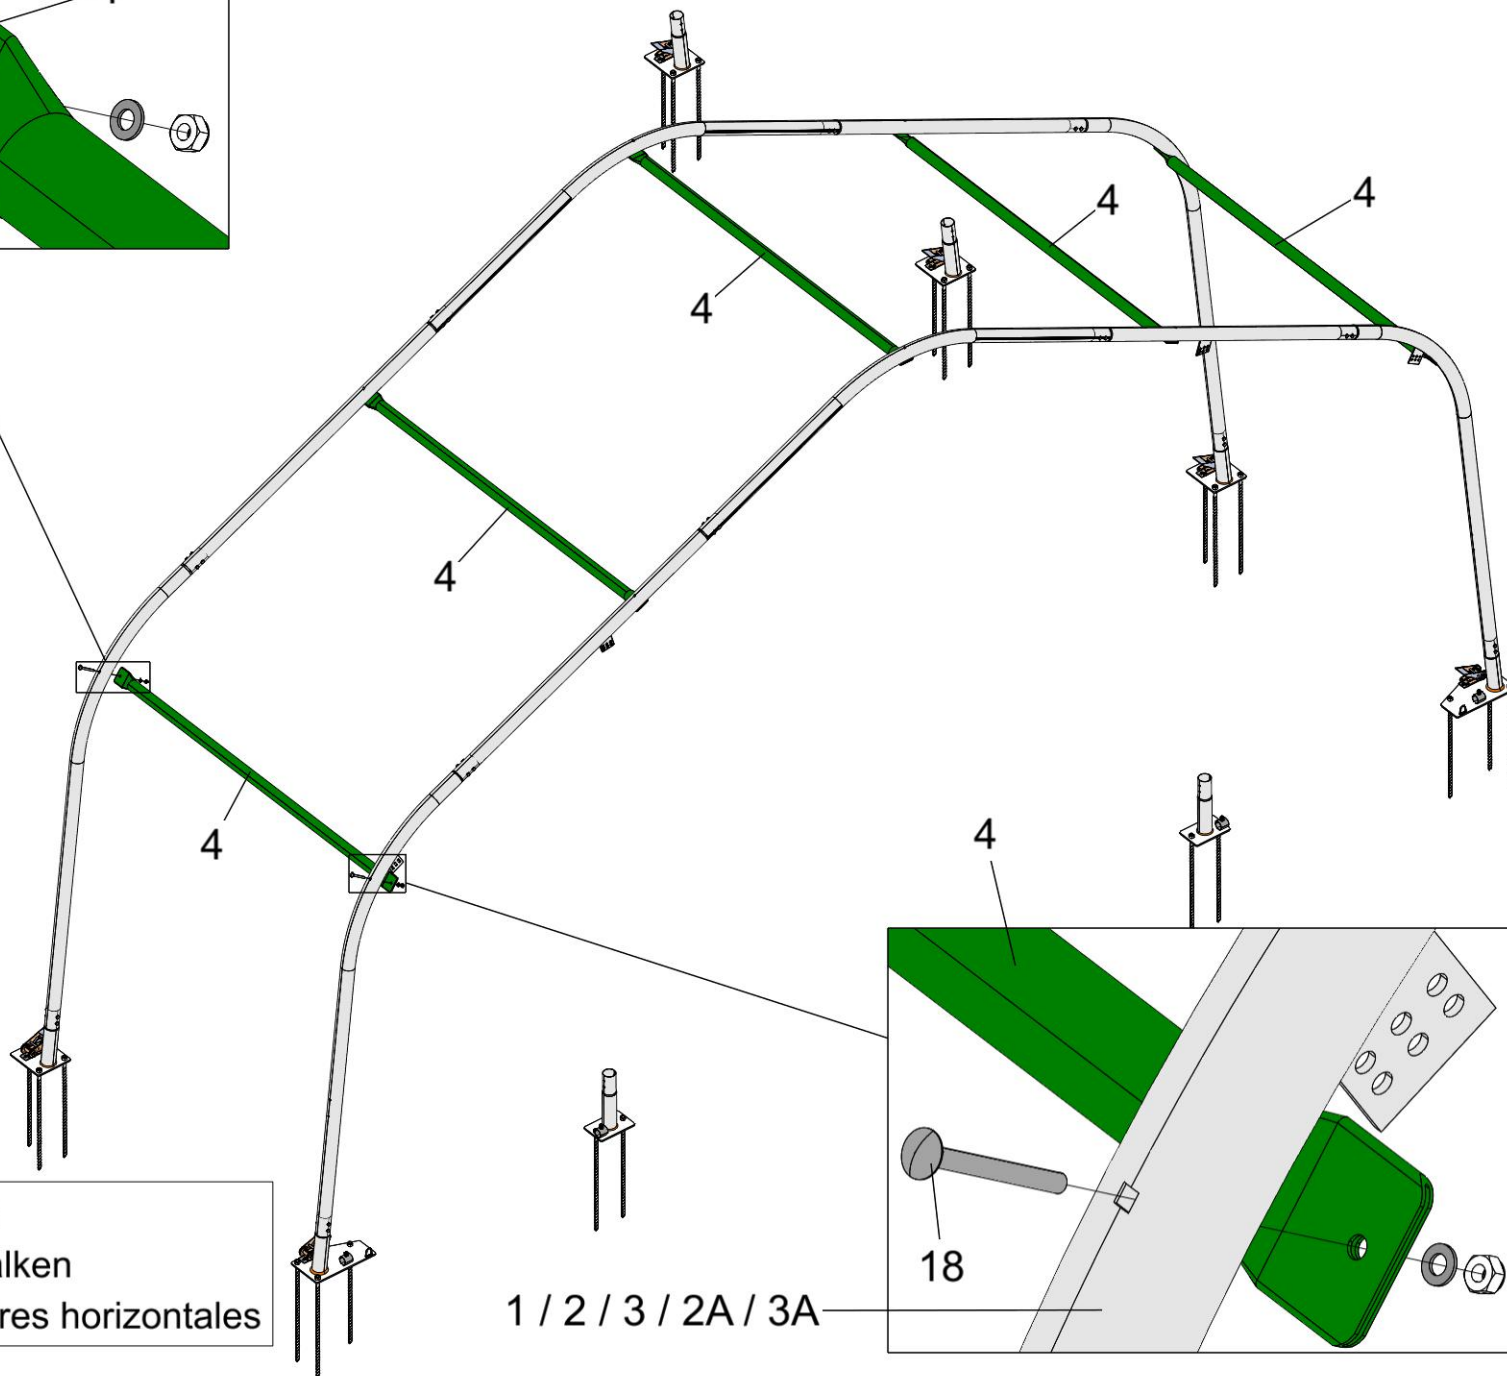

Same connection for all tubes
Gleicher Anschluss für alle Rohre
Même connexion pour tous les tubes

-  Hoist the front archway and one of the middle archways and secure them to the ground flanges
-  Heben Sie den vorderen Torbogen und einen der mittleren Torbögen an und befestigen Sie sie an den Bodenflanschen.
-  Hissez l'arceau avant et l'un des arceaux intermédiaires et fixez-les aux brides du sol.

1 / 2 / 3 / 2A / 3A

1 / 2 / 3 / 2A / 3A

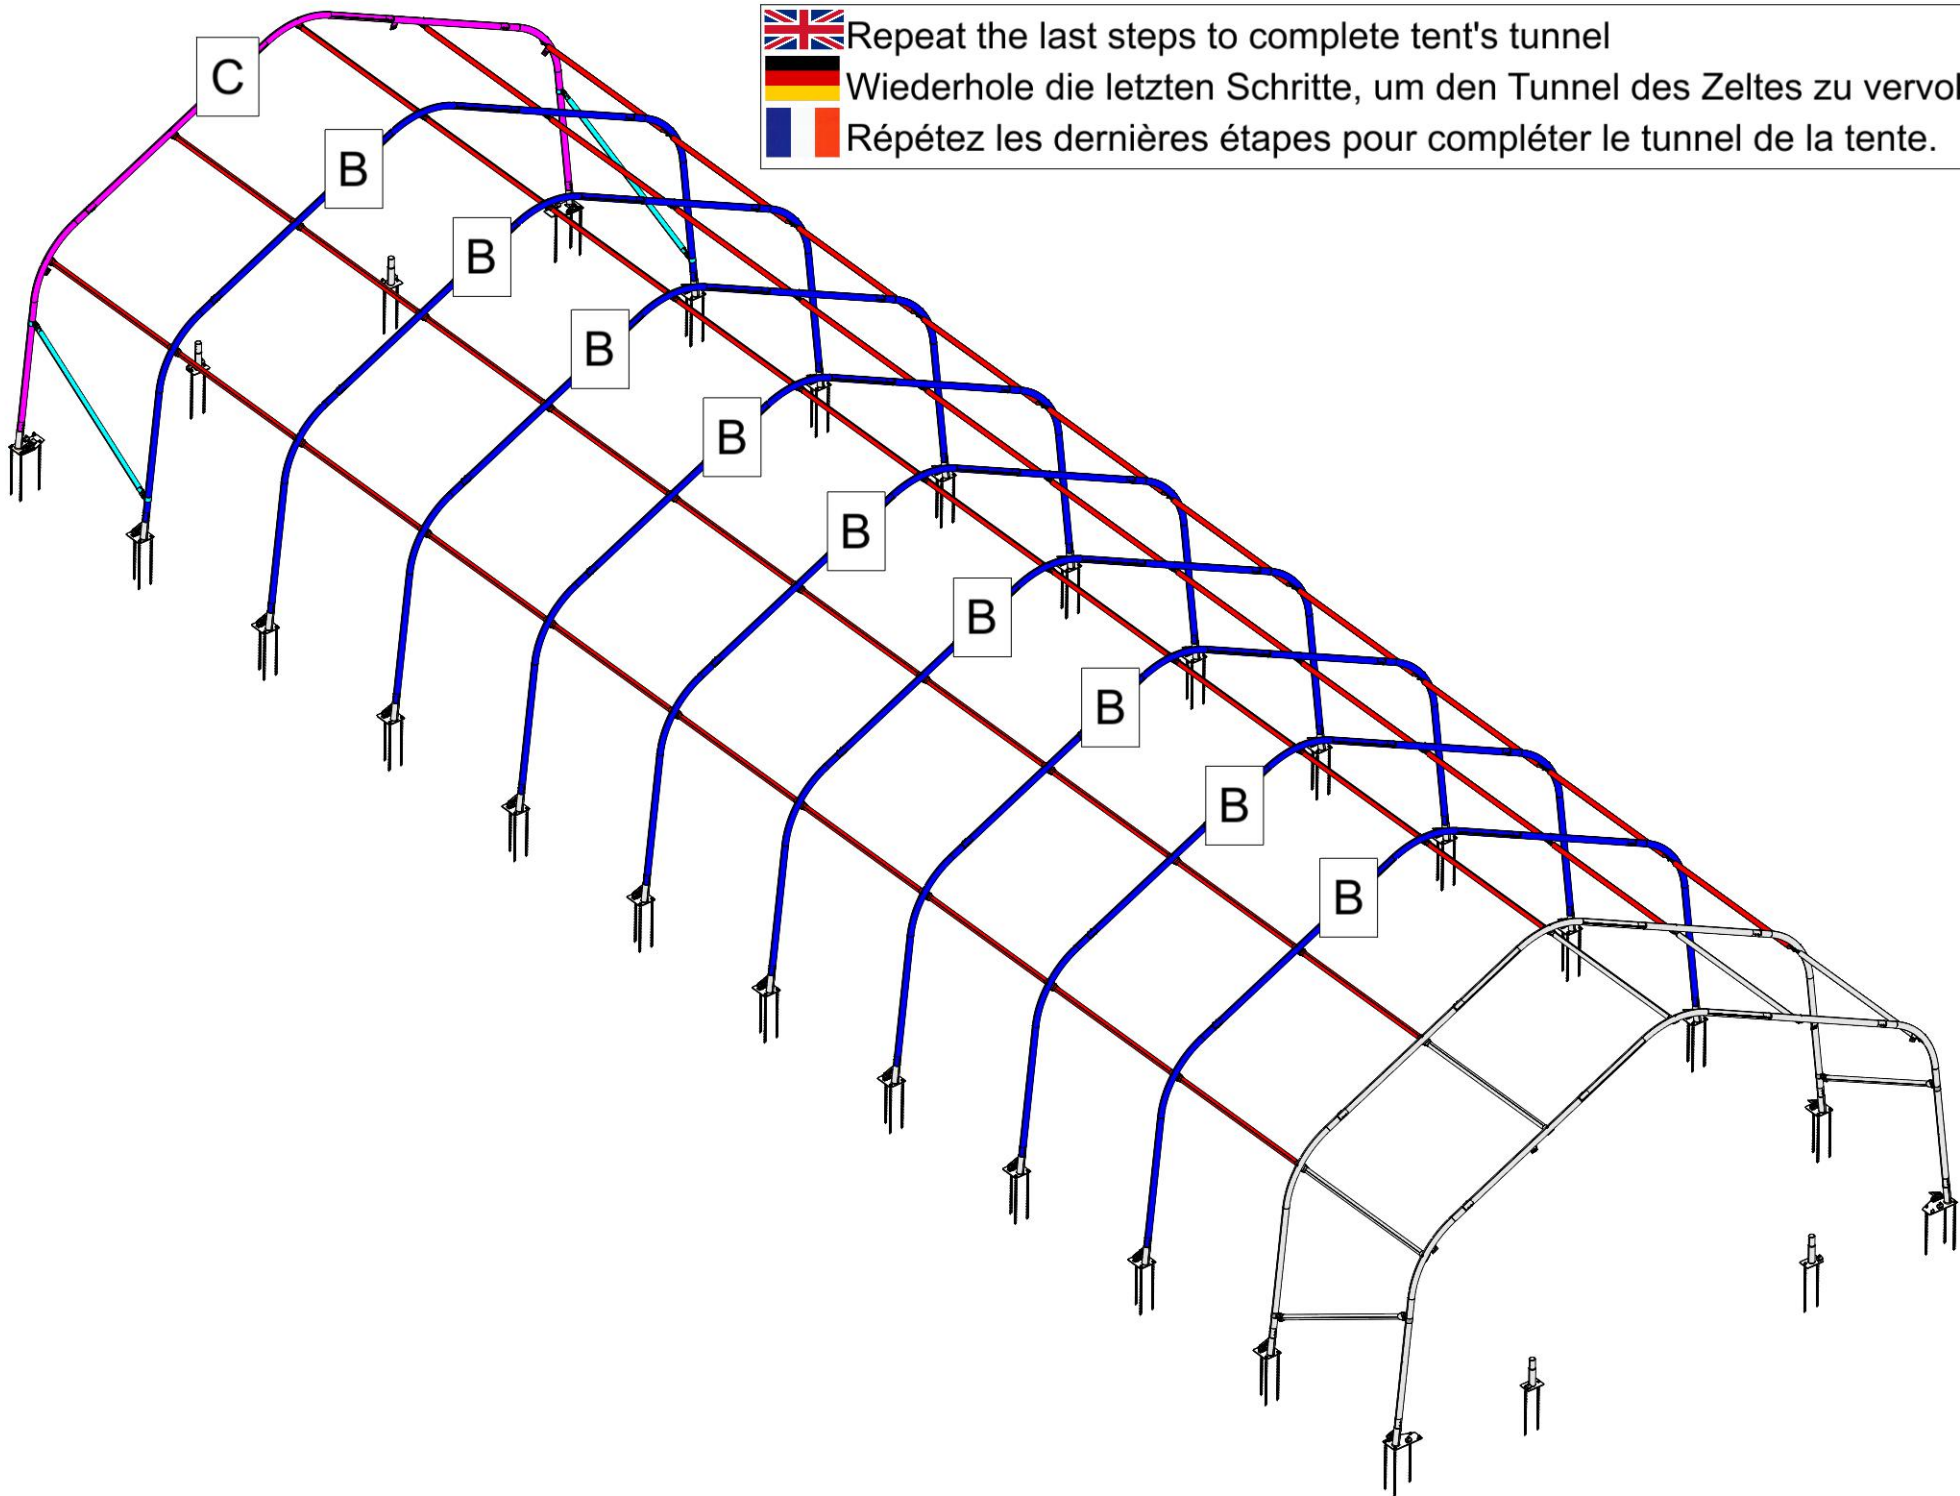

Same for all horizontal beams

Gleich für alle horizontalen Balken

Identique pour toutes les poutres horizontales

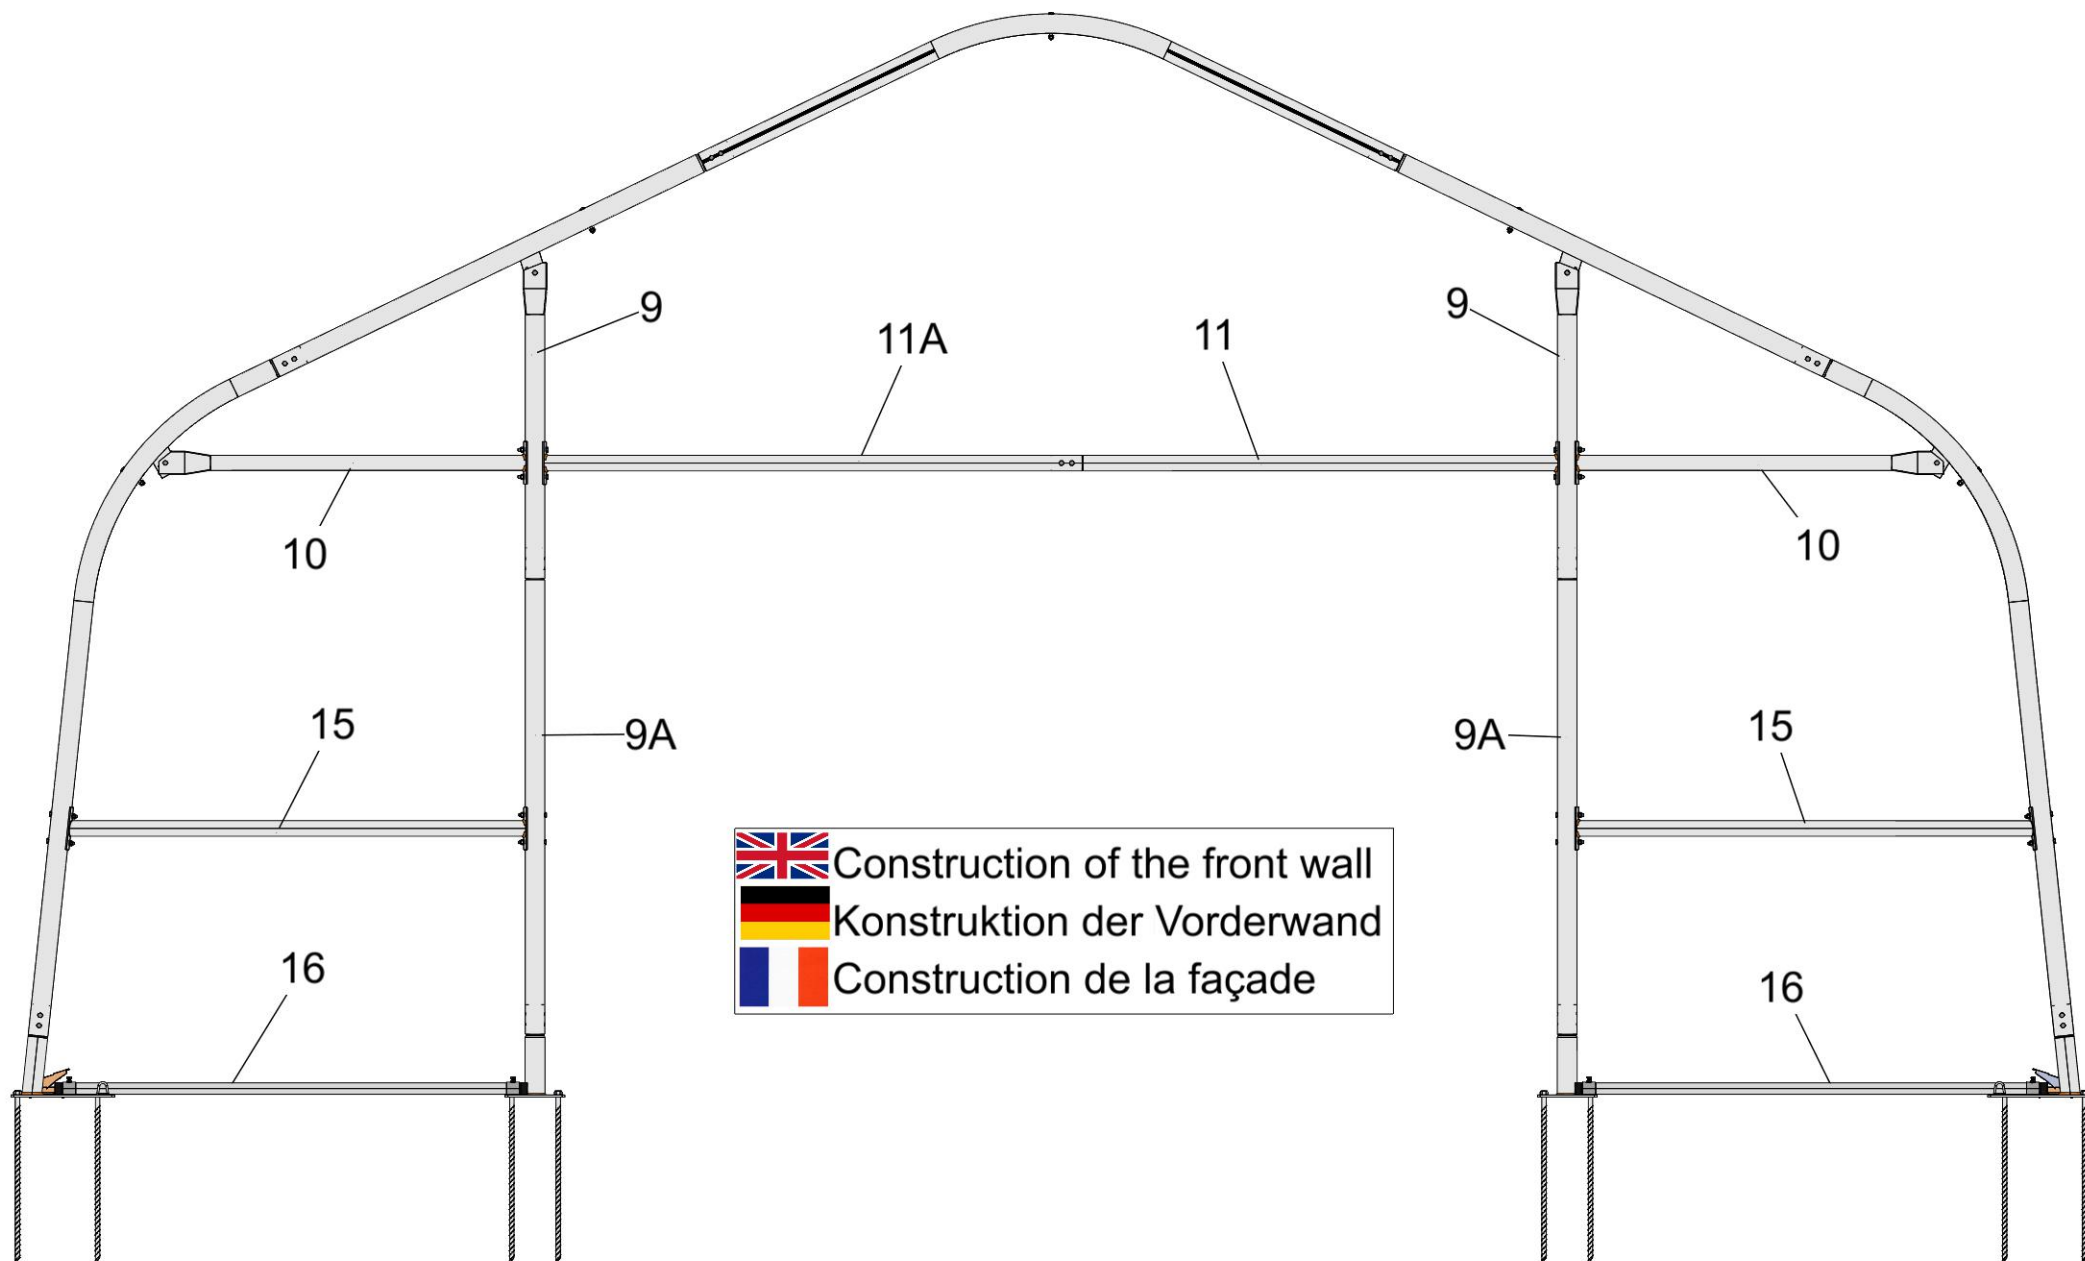

Repeat the last steps to complete tent's tunnel

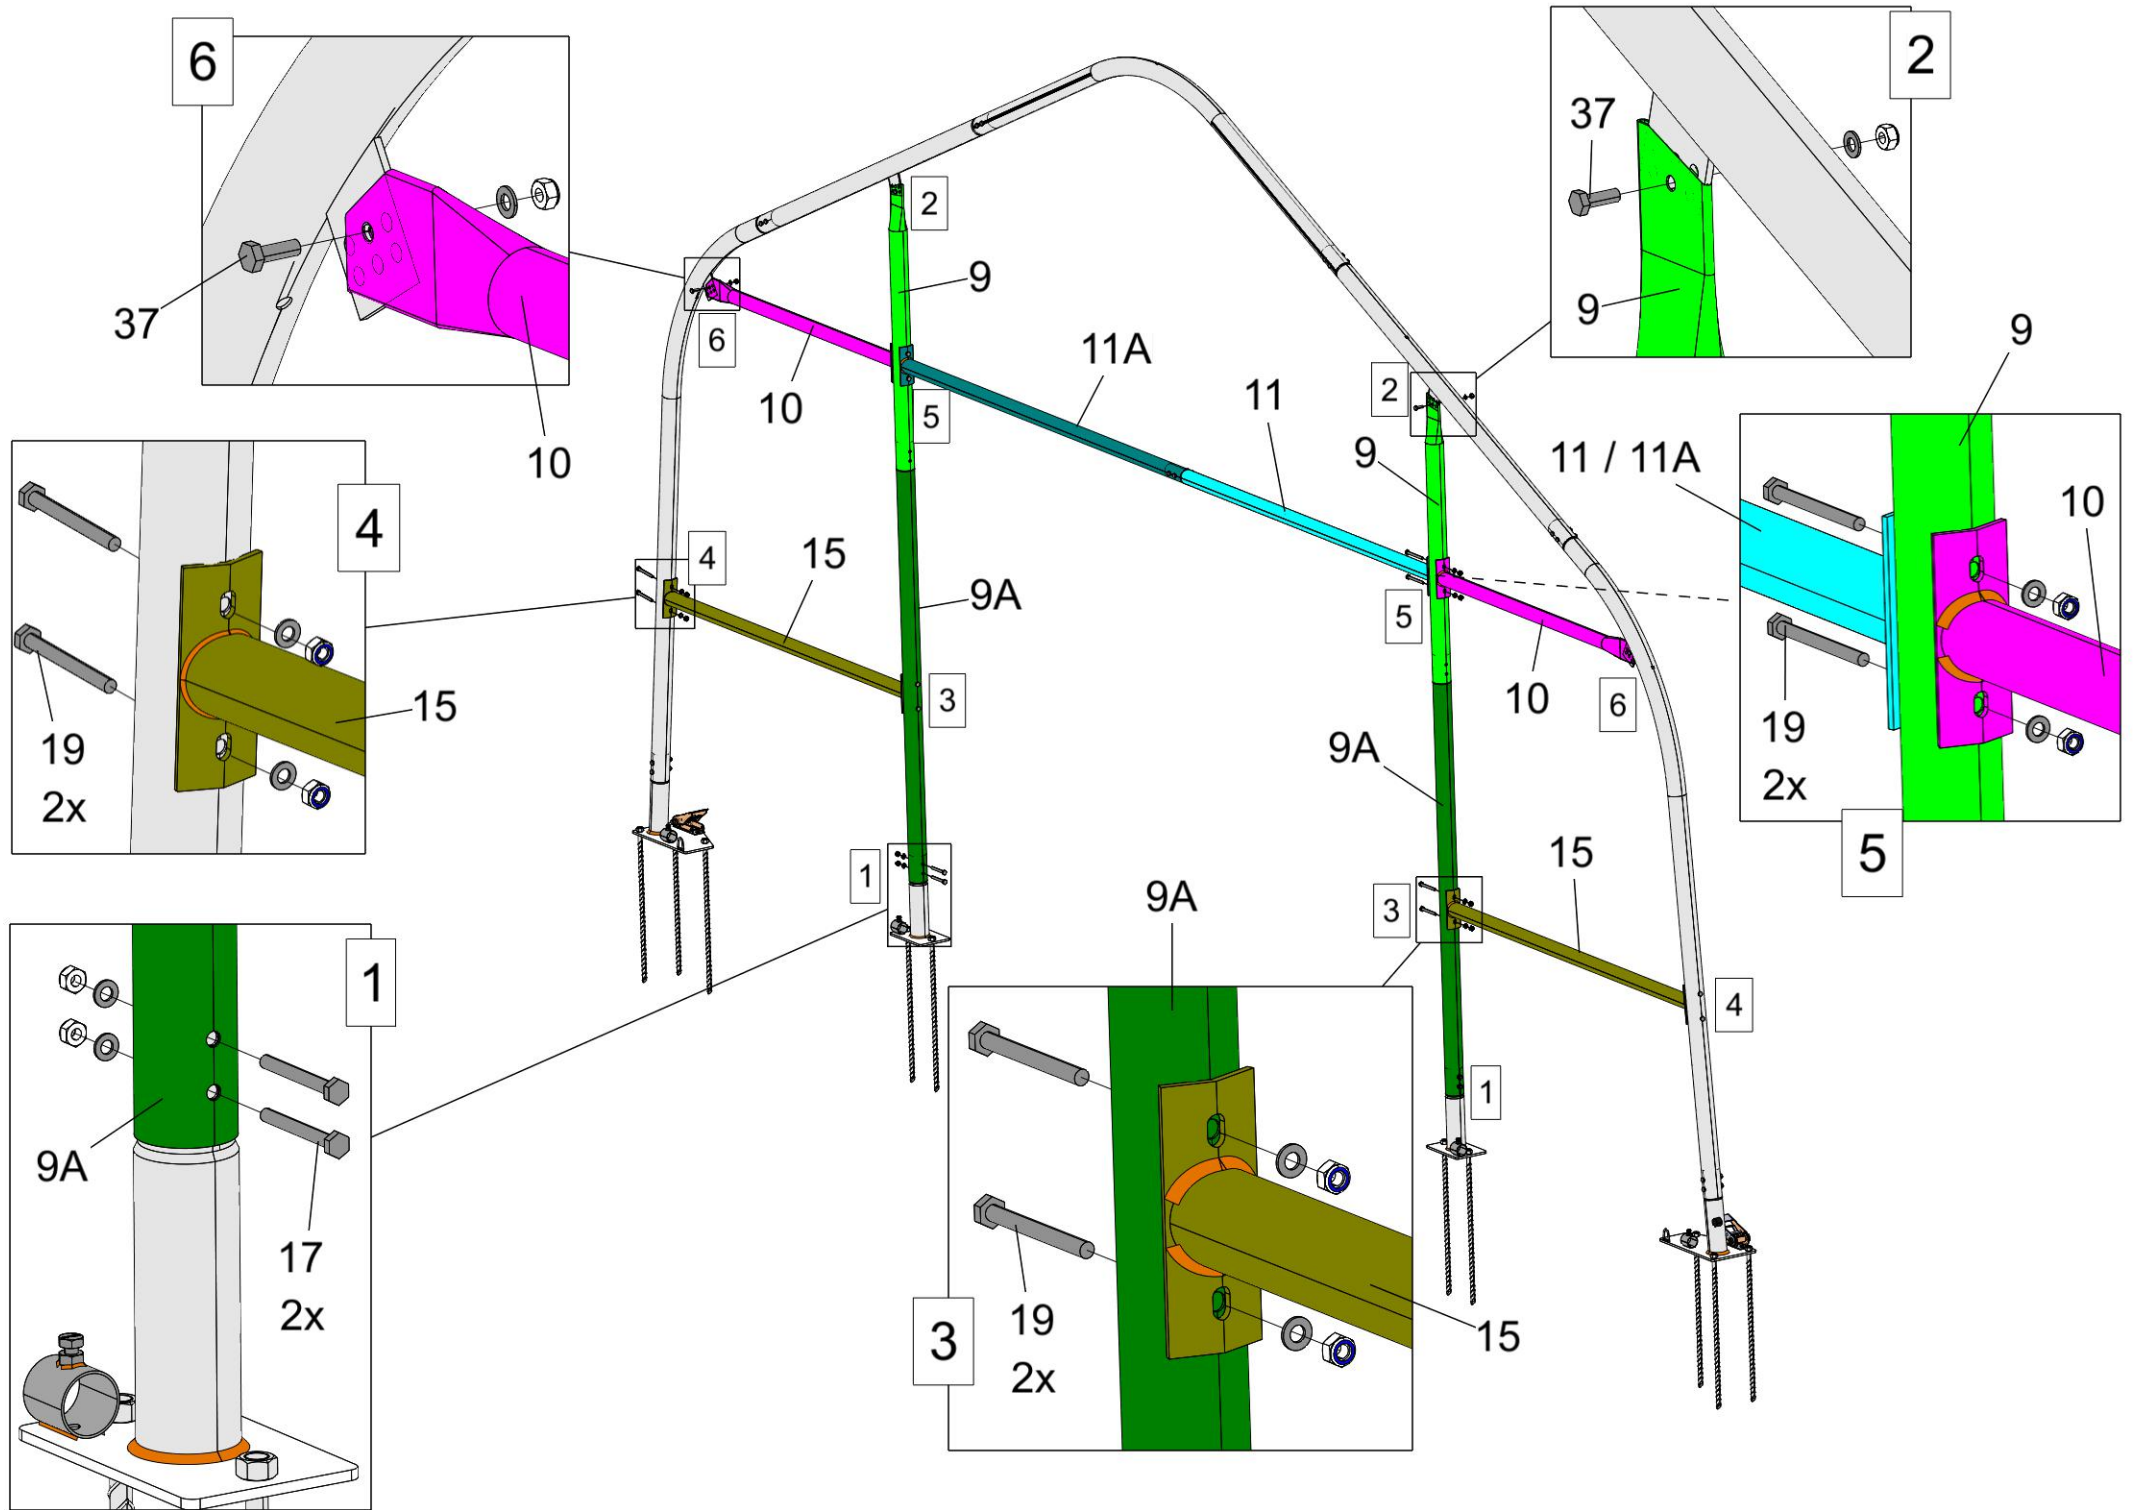

Wiederhole die letzten Schritte, um den Tunnel des Zeltes zu vervollständigen.

Répétez les dernières étapes pour compléter le tunnel de la tente.

Place the roof cover over the tent.

Legen Sie die Dachabdeckung über das Zelt.

Placez la couverture de toit sur la tente.

Do not install the cover onto the roof in high wind conditions

Installieren Sie die Abdeckung nicht bei starkem Wind auf dem Dach

Ne pas installer la couverture sur le toit dans des conditions de vent fort

After placing the roof cover on the tent, place the tensioning tubes.

Nachdem Sie die Dachplane auf das Zelt gelegt haben, bringen Sie die Spannröhre an.

Après avoir placé la couverture de toit sur la tente, placez les tubes de tension.

-  Use cutting tool to cut the roof cover to fit ratchet straps
-  Verwenden Sie ein Schneidwerkzeug, um die Dachabdeckung so zuzuschneiden, dass sie zu den Spanngurten passt
-  Utilisez un outil de coupe pour couper la couverture de toit pour s'adapter aux sangles à cliquet

-  Use ratchets and straps (24) to tie the tubes (22), in order to fix the roof cover (21)
-  Verwenden Sie Ratschen und Gurte (24), um die Rohre (22) zu befestigen, um die Dachabdeckung (21) zu befestigen.
-  Utilisez des cliquets et des sangles (24) pour attacher les tubes (22), afin de fixer la couverture de toit (21)

To finish the building, tie down the roof cover flaps (front and back) to the corner flanges.

Um das Gebäude fertig zu stellen, befestigen Sie die Klappen der Dachabdeckung (vorne und hinten) an den Eckflanschen.

Pour terminer le bâtiment, fixez les volets de la couverture du toit (avant et arrière) aux brides d'angle.
